

R U PROCREATIVE?

More than 600 teens in Anchorage become parents each year. Each one has a tale to tell.

What's your story?

The ProCreativity media workshop is an opportunity for you to share your experience, to tell your story and impact your community, your way. For twelve Saturdays, you and seven other young parents will meet with professionals to learn story craft, cinema arts and video production to help you develop your story and give you the tools needed to create a short film. **All equipment, lunch and childcare will be provided.**

WHEN 12 Sat. mornings, 10am to 1pm

AT Crossroads High School & Out North Theatre
